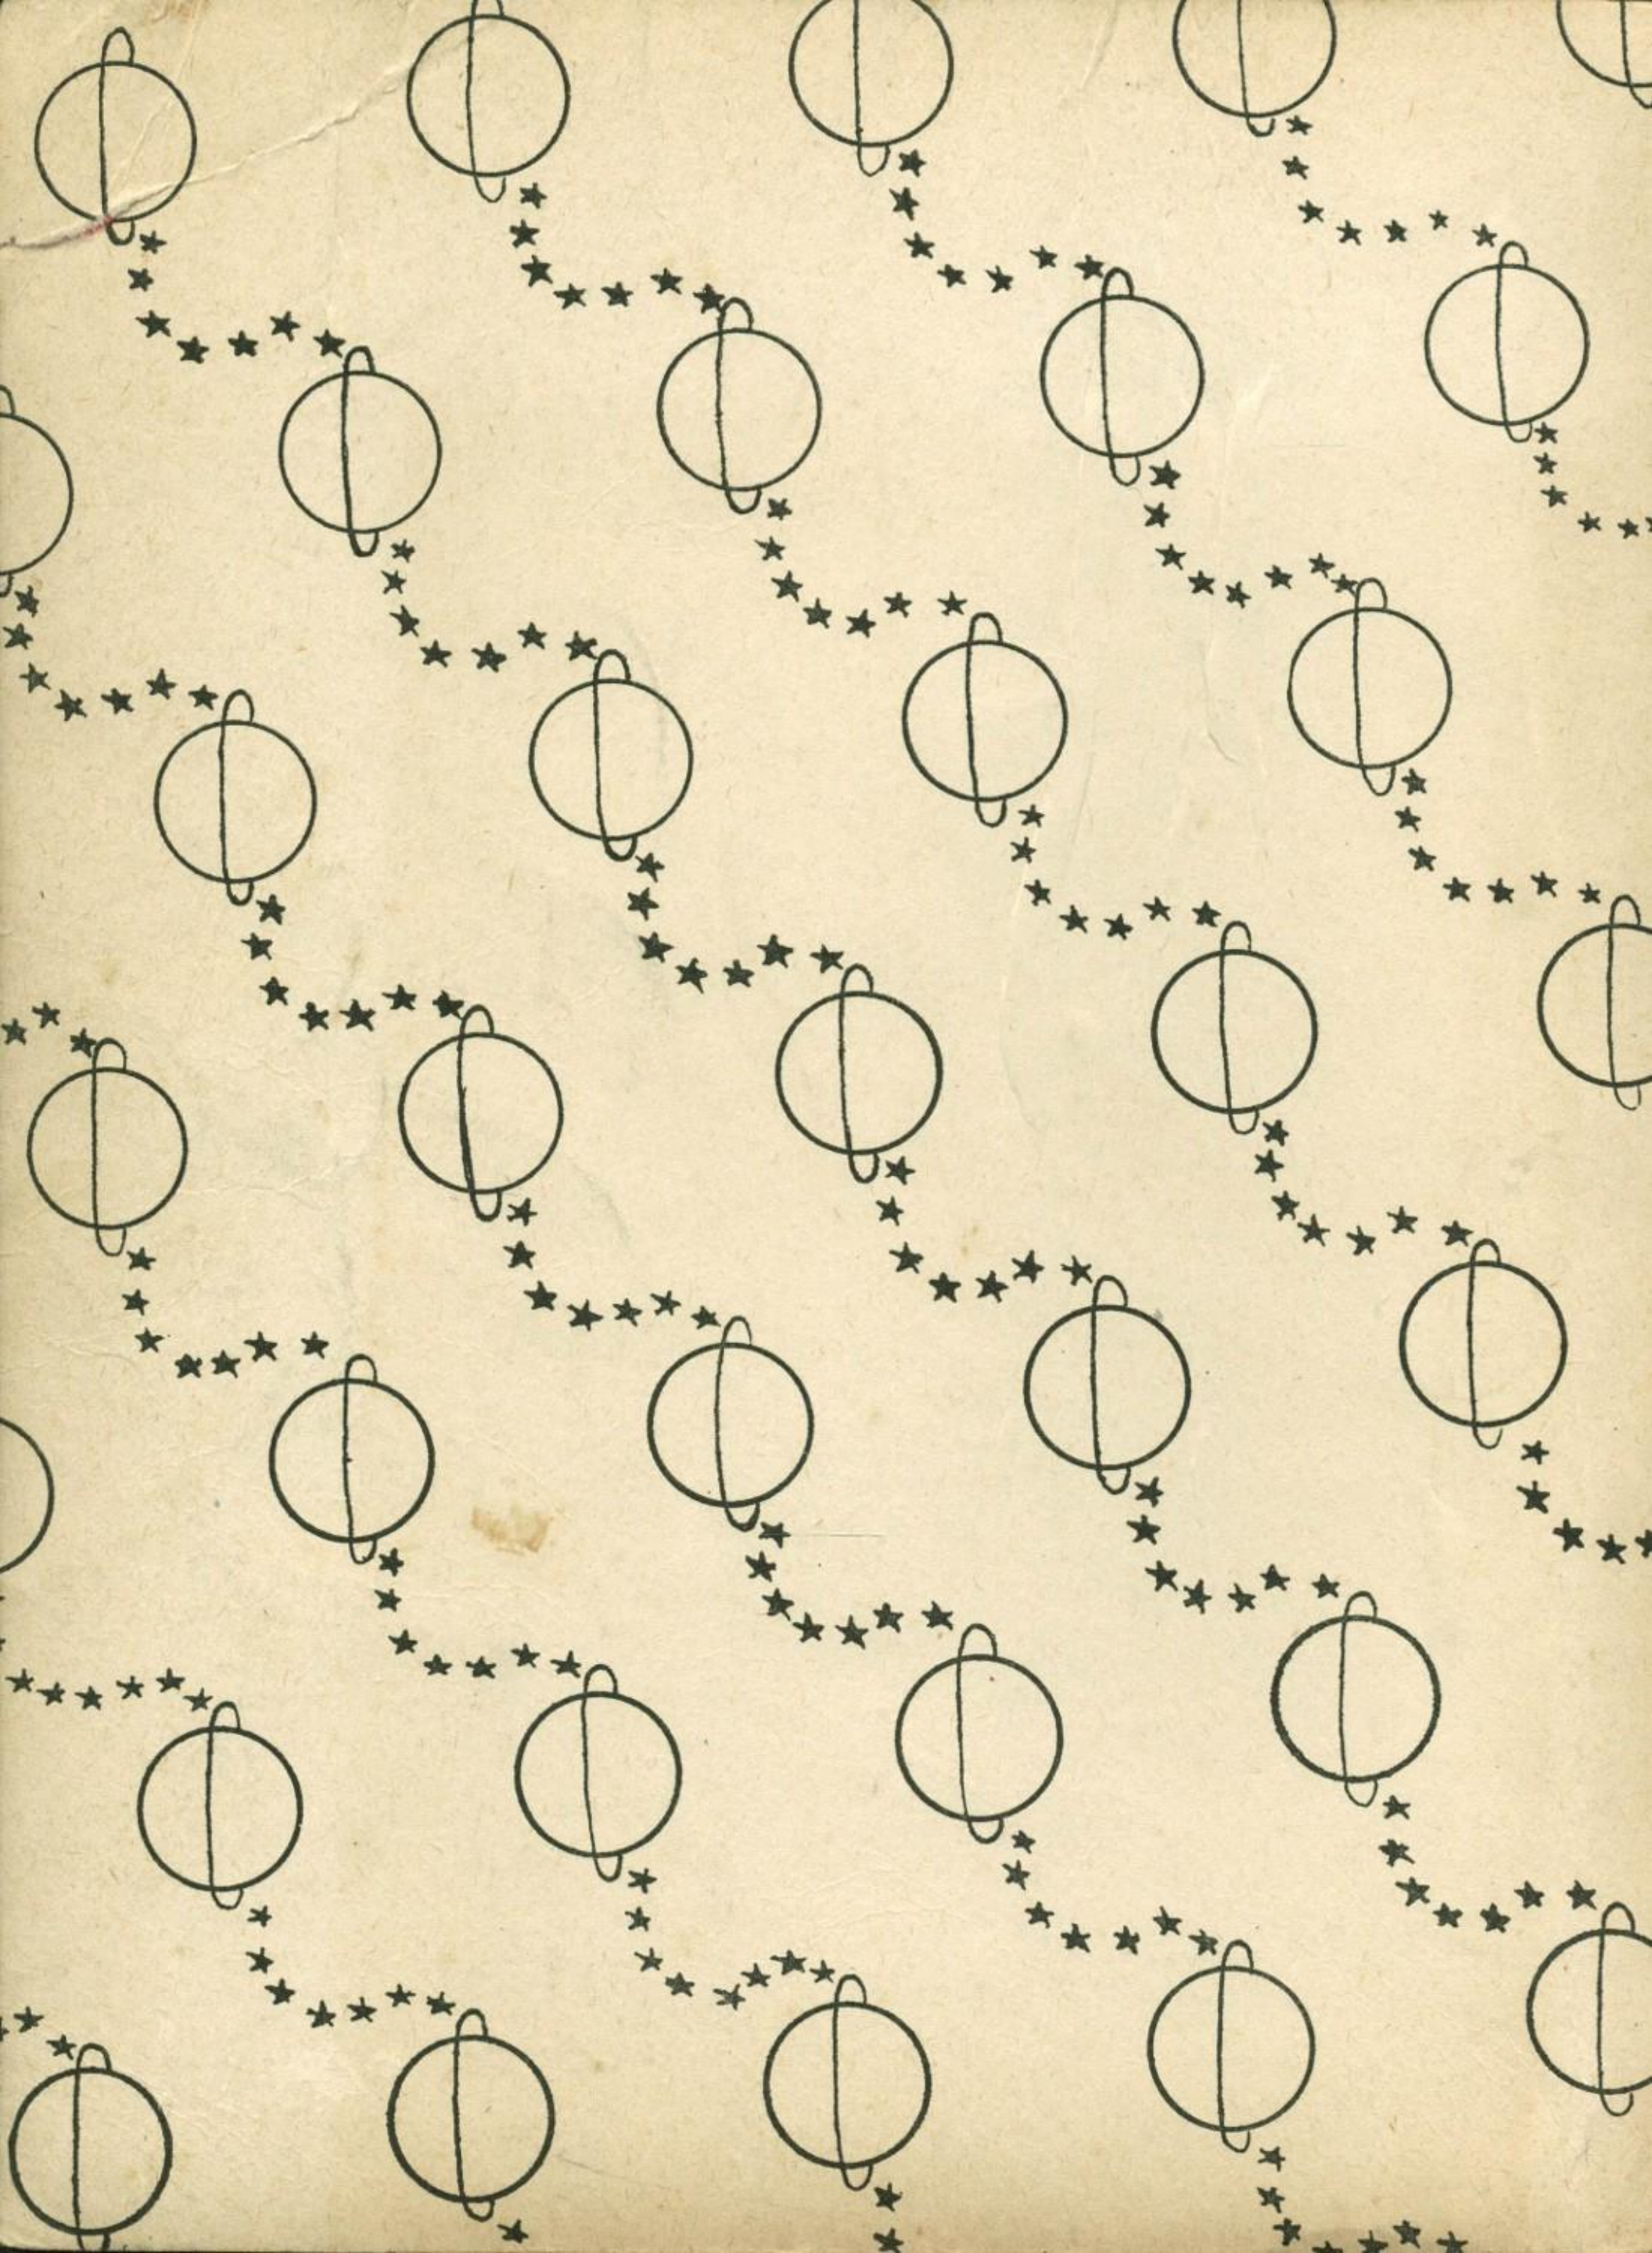
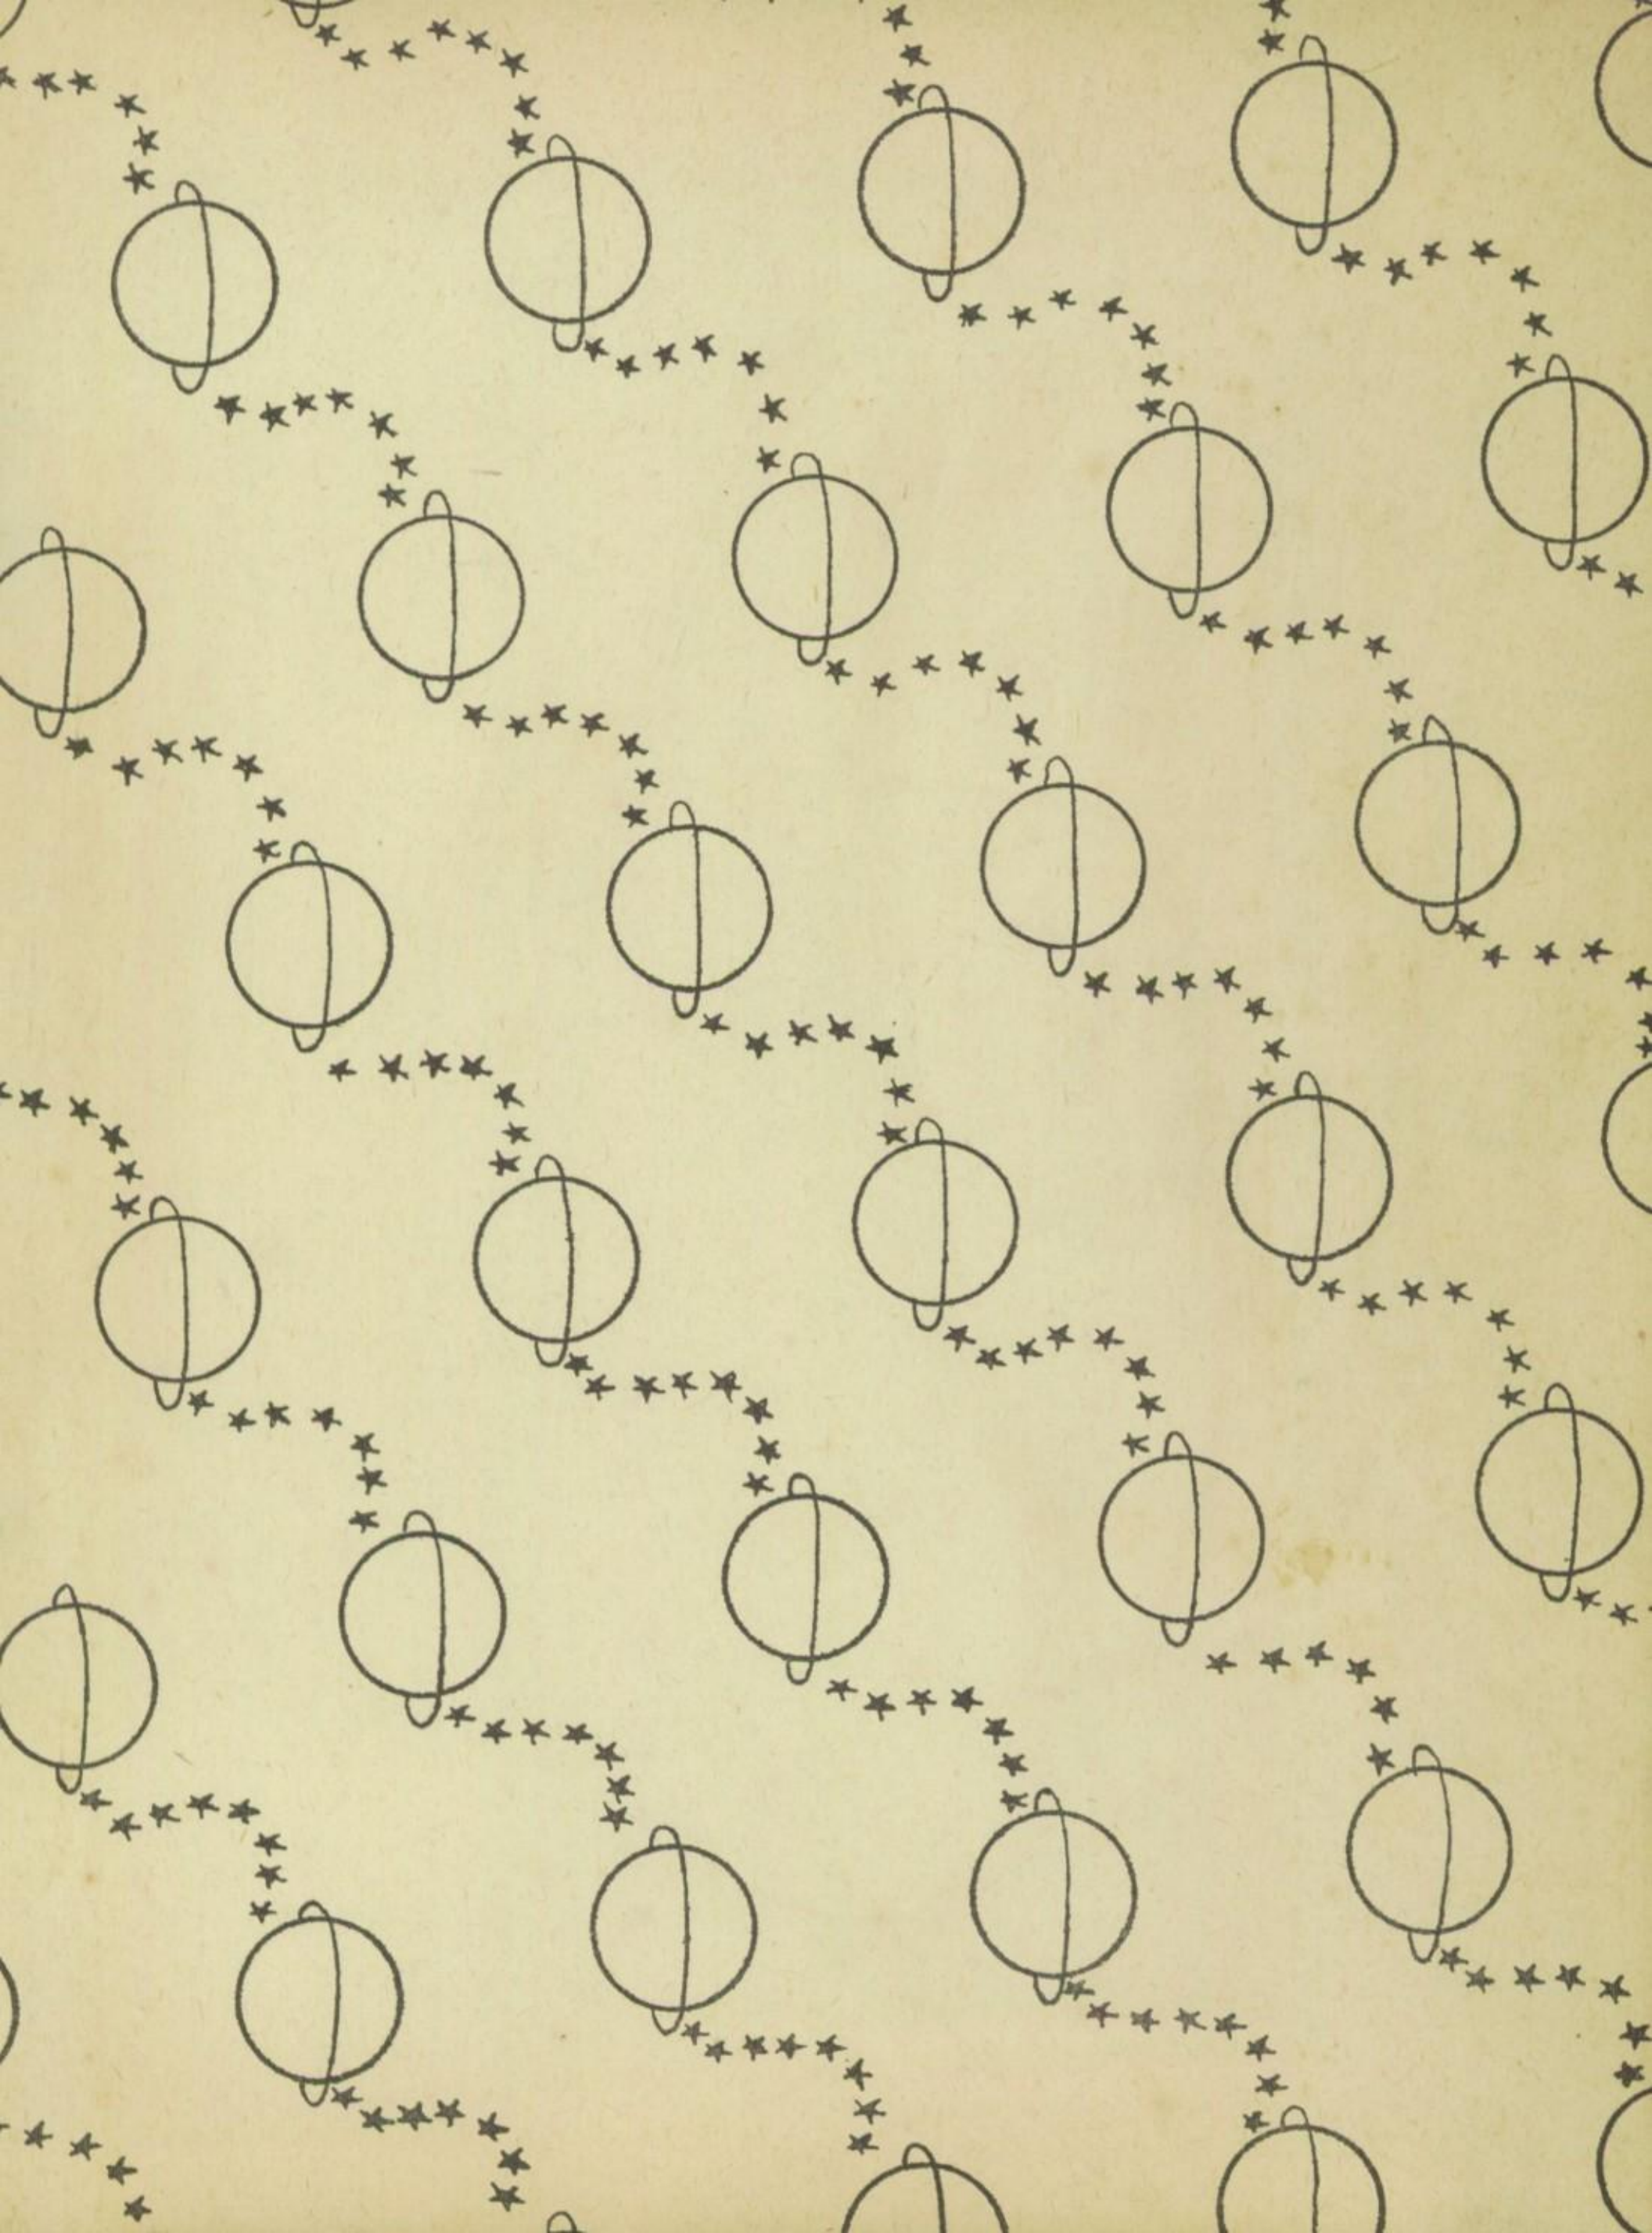
The 1944 Mirror





The 1944

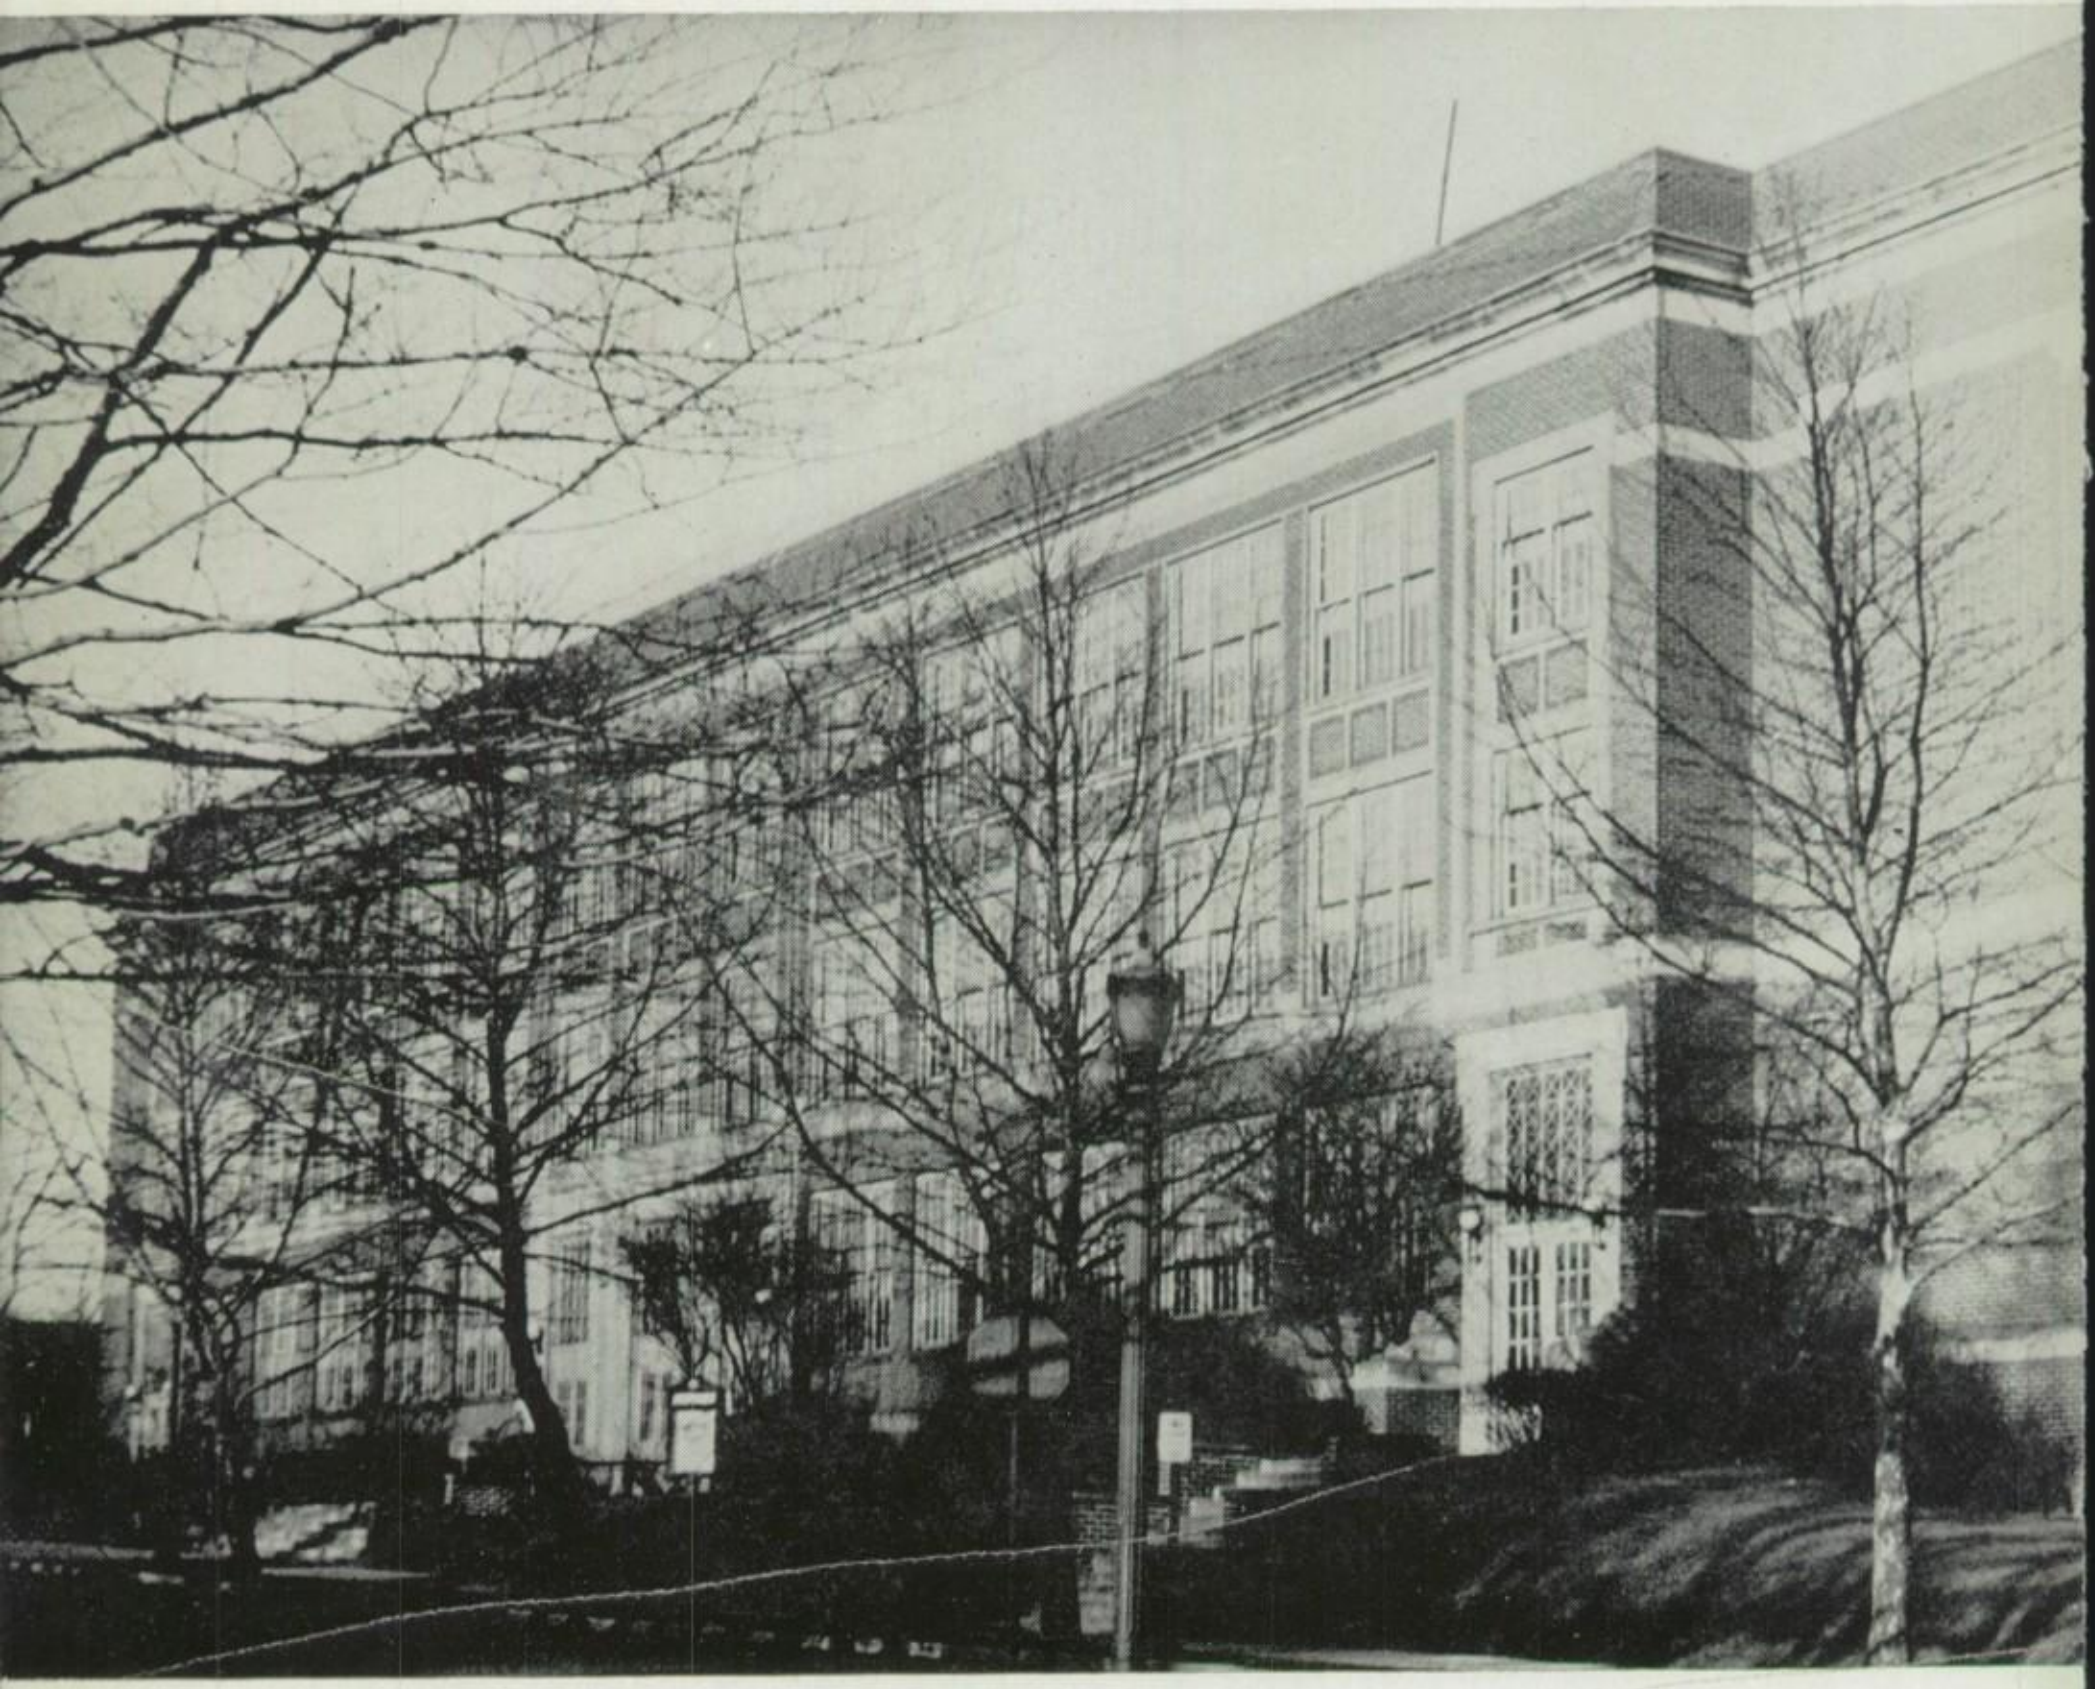
MIRROR

SHARON HIGH SCHOOL

SHARON, PA.

FOREWORD

This year the editors of the 1944 Mirror have tried to present the year book in a different way. Instead of the old traditional divisions, we have arranged all the contents to fall under one of the seasons—Autumn, Winter, Spring or Summer. As events happen, so we remember them. We sincerely hope that the High School will approve of this new arrangement.



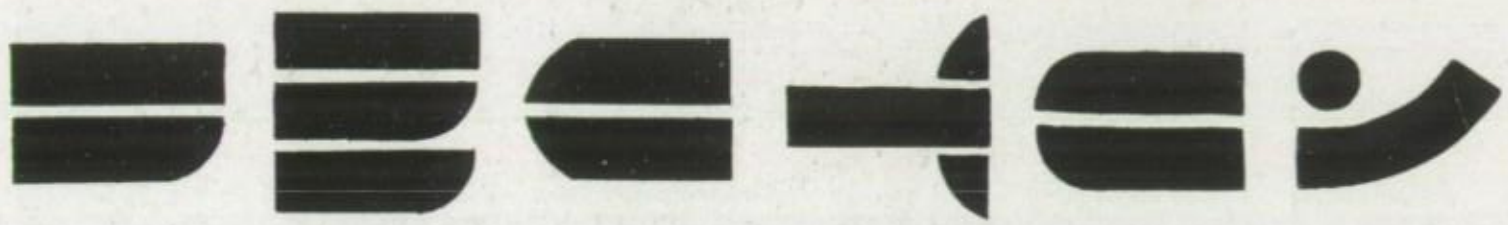
ALMA MATER

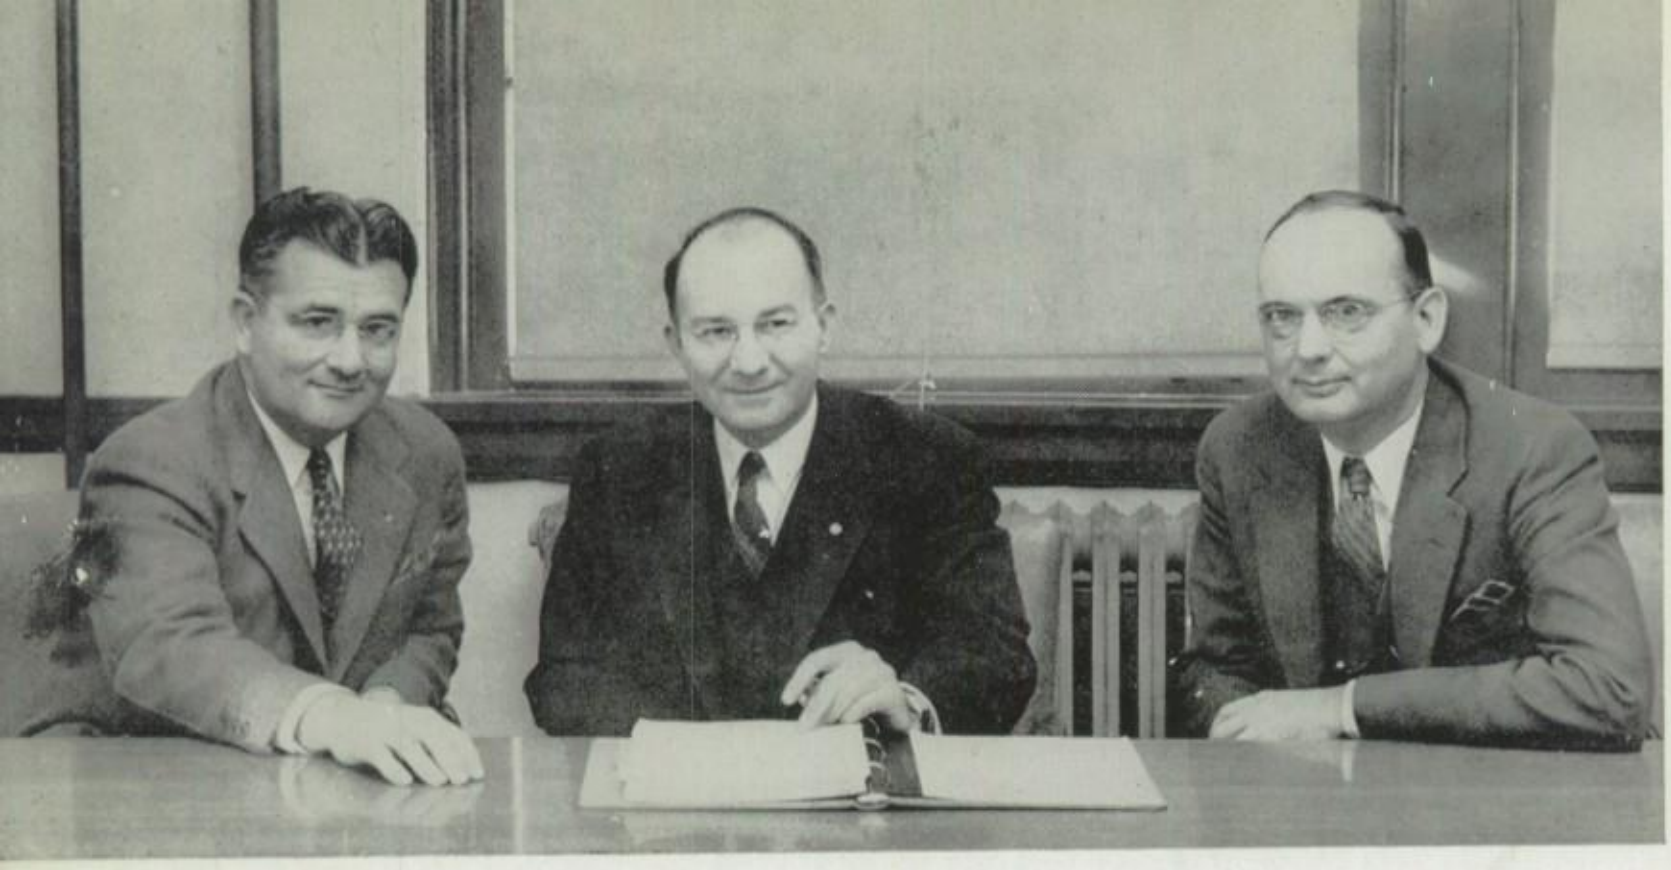
Hail, all hail, to Sharon High School,
Bright the torch for thee we bear
May it burn as bright forever
As its glorious light we share.
At thy feet we lay our trophies
Honoring thee, we cannot fail
In our hearts a reverent greeting
Hail to Sharon, Hail!

Hail, all hail, to Sharon High School,
Far and wide thy banners fling
May they float on high forever
As our truest gifts we bring.
At thy feet we lay our trophies
Honored thus, we dare not fail
School triumphant, spirit splendid!
Hail to Sharon, Hail!

. . . . For her never-failing assistance and advice, and because of her sincere efforts to improve the publications of Sharon High, we dedicate the 1944 Mirror Annual to . . . .

MISS ANNA GRACE SMITH





Paul E. Witmeyer, *Superintendent*
Cleon M. Musser, *Principal* Stanley N. Currier, *Vice-Principal*

ADMINISTRATION

The administration of the Sharon school system is the responsibility of these three friendly and able men: Cleon M. Musser, Paul E. Witmeyer, and Stanley N. Currier.

Dr. Witmeyer, superintendent, has under his authority the eight grade schools of Sharon, the Junior High, and our high school. By means of frequent meetings of the principals of these various schools, the plans of the school board of education are put into effect. Dr. Witmeyer's office is at Sharon High, and his friendly smile is a familiar one.

Through the efforts of Mr. Musser and Mr. Currier, our school is one of which we can be proud. They deal directly with the student and his problems, and in every way, try to make our school a better one.

We are grateful to these three men who understand and work for the betterment of Sharon High School.

BOARD OF EDUCATION

These men, Mr. and Mrs. Citizen, are the members of your school management board.

They meet once a month, and during these meetings, discuss ways of improving our school and ways of bettering the education of the students in Sharon High. These men understand the problems of the student, for several of them have children who are attending our school.

The board consists of seven men, elected annually by the residents of Sharon. Their duties are planning the education program, raising and budgeting school funds, and taking care of all school employment. The adviser of the board is the superintendent of schools, assisted by the solicitor, who acts in the capacity of legal adviser.

COACH

David Stewart

For sixteen years, Sharon High has been turning out crack football teams under the direction of Dave Stewart. During these years, Coach Stewart has brought us many trophies and awards and has produced players who have been on college teams all over the country, with some of them now coaches themselves, or physical directors in the various services. He has served our school and our country by helping many boys to be physically prepared for the armed services. Along with his coaching duties, Mr. Stewart teaches general science.

FOOTBALL

At the beginning of this football season, the coaches, critics, and managers were not at all sure of what they should expect from our inexperienced football team. Nine of the players were sophomore, and most of them had had no experience. They really surprised everybody with their fine fighting spirit and good sportsmanship.

The team was not the only group that showed their mettle. The fans were in there rooting for their own side in the American fashion. In the Farrell game alone there were over 12,000 fans.

Our players were in there as a team, a strong and united team. Whitehead, in the game with Erie Strong Vincent clinched the first game for the Tigers when he carried over one of Bob Leipheimer's long passes, so that Lysohir could make the first touchdown. Jack Walker in the game with Stowe smashed over the line for the first touchdown. Koss went over for the second when he received a long pass over the goal line, and a few minutes later Koss again went over the line after having received a twenty yard pass from Garay.

The game with Greenville was hard fought and hard won with Phillips plunging over for the first score. Whitehead sometime later received a beautiful pass from Leipheimer and catapulted over for the second and last touchdown.

In the losing battle with New Castle, Ed Koss marked up the only touchdown. Ken Davis opened up the spectacular Meadville game with a long punt to the Meadville thirty-five yard line. Walker scored the first six points and was followed by a thirty yard pass to Ed Sample. Paul Garay also marked up a touchdown for Sharon's Tigers.

In the Brookfield game, Sharon was upset to a score of 27-14. A perfect aerial was completed between Leipheimer and Cunningham when the latter went over for a touchdown.

The Sharon-Farrell game was the best played and most interesting game of the season. It was a long hard fought game with Bob Leipheimer scoring both tallies before an awed crowd numbering over twelve thousand. In the game with Sharpsville, Leipheimer's plunge netted the only score of the game.

Sharon has good reason to be proud of its '43 football team because they gave an excellent account of themselves. Though inexperienced and green at the beginning of the year, they were one of the State's top teams at the end.

SENIORS

BAND

The band, under the direction of Mr. Rees, had a very busy season. They provided a warm atmosphere at all football and basketball rallies and home games, and also the play-off games for elimination in the state championship.

They played at Bond rallies and patriotic meetings and took part in the joint concert with the orchestra and A Cappella choir in February. They also broadcast two programs over station WPIC.

RALLIES AND ASSEMBLIES

The rallies and assemblies presented for the pleasure of the student body this year were many and varied.

The first rally was dedicated to Sharon High's newcomers—the Freshmen. They were given the traditional Freshman welcome upon entering the gym—applause and whistles.

A few swirls of clay, a streak of crayon—behold!—a picture! For our first assembly, J. Franklin Caveny furnished the entertainment. We were amazed by his artistic ability—his paint brush was his fingers, the paint, clay and crayons. He made the assembly very personal to the student body, even drawing a picture of our music director, Mr. Rees.

Next, was Captain Donald Donaldson, British flier of World War I. He narrated his exciting escape from enemy territory, through the efforts of Nurse Edith Cavell. We were given a better understanding of Americanism and what it should mean to us by his lecture.

Another up-to-the-minute subject was "Love in War Time", the one chosen for the assembly of Juniors and Seniors. The speaker was Dr. Louden Foster Wood. Having not only criticisms, he also had corrective cures and ideas, and gave everyone something over which to ponder.

Music—all kinds—from "jive" to the classics—that was the program of the "Manhatten Singers". These four young ladies showed their versatility and talent while presenting the musical program. Especially entertaining was the instrumental music, one of the girls playing both a saxophone and a guitar at the same time.

From the Air Corps came Captain Anderson, a recruiting officer from the Pittsburgh branch. He spoke to the boys about the Air Corps—qualifications for entering and the good gained from it.

After Glenn L. Morris' visit, we should all be pilots, at least pilots "On the Beam", for after Mr. Morris was here, the idea of staying "on the beam" was not so complicated. A member of the student body served as a "guinea pig", attempting to fly "blind" to his destination. Mr. Morris' talk was very informative and entertaining.

An unexpected assembly was the one called during the visit of Mr. Cummings, the lecturer for the Forum. Being a traveler for the United States government, he was well able to present to us a picture of the Pacific battlefront—both from the United States and Japanese viewpoint. He made us see against what sort of an enemy our boys are battling, and the barriers on the road to victory.

MONITORS

The largest organization in the school is the monitor squad. The group directs over a thousand students through the halls and performs such other duties as their job from time to time requires.

Under the supervision of Mr. Currier, these monitors consistently abide by the rules of the school and at all times uphold the rules and regulations.

Co-chairmen: Charles Hilderbrand and Jean Morisuye.

The captains and co-captains for the eight periods are:

Captains	*Co-captains*
Charles Hildebrand	Jean Keough
Ed Krochka	Bob Richardson
David Marshall	Shirley Frye
Sally Cohen	John Garay
Gerry Rock	Allen Goldstone
Jim Howard	Doris Nickum
Anne Nickum	Jack Willson
Jean Morisuye	Joe Jofery

Monitor's Code of Behavior

I will remember that my behavior reflects the attitude of Sharon High School and that the school is judged by the impression I create.

I will take charge of the halls in the vicinity of my post as monitor and will be responsible for the behavior of the pupils in this area.

I will visit the lavatory nearest my post immediately after I go on duty and after the warning bell at the end of the period and at any other time when it is necessary and will report any condition that is not as it should be.

I will talk to no one when on duty except in case of necessity.

I will not allow an outsider to go around the halls except when I am sure they have received this privilege from the office or are accompanied by some member of the school.

I will rise when speaking with any adult, man, or woman.

I will remain at my post until the monitor who follows me reports for duty.

I will stand during change of classes.

I will see that pupils use the proper stairs.

If at any time I feel I cannot fulfill my obligation to the school, I will resign my position rather than violate a trust.

I will report to the office any condition which I am not capable of handling.

If on duty on the first floor, I will allow no one to leave the building without proper authority.

I will enforce and abide by the Permit Rules.

I will try to be worthy of the trust placed in me and I will not forget that I am responsible to the school to do my best.

VISUAL EDUCATION

Visual Education has been a part of our school program for the past four years.

This department, under the guidance of Mr. J. R. Marks, has accumulated apparatus for sound, silent, and still pictures that will meet most of the classroom needs.

Any teacher may, through this department, obtain visual aids to help teach technical, abstract, or difficult phases of his work. All classroom pictures are instructional, but also entertaining.

The staff of projectionists this year include James Hancock, Fred Leonetti, Danny Masson, Bob Reed, Robert Averback, George Piddington, Don Record, and Bob Hermanson.

TRAFFIC SQUAD

The traffic squad has been in existence in the high school since 1923, and for the past fourteen years has been under the direction of Mr. Newton who has organized a very efficient team. The squad, besides protecting students and motorists at the beginning and dismissal of school, also ushers at plays,rallies, and athletic contests. They are always on duty in all kinds of weather and have succeeded in making the streets about our school safe. (There have been no accidents in the vicinity of the school while the squad has been on duty.) A responsibility is put into their hands in handling the students outside of school and they have accepted it. It is, indeed, an honor to belong to this band of boys who do their work cheerfully and efficiently.

Members are: Ed O'Korn, Ralph Harriff, Ted McGrath, Bob Averback, John Brashen, Walter Radford, John Regule, Jerry Davis, Ted Homer, Andrew Butchko, Nick Zippay, Harley Gantz, Gerald Yurenovich, Bud Anderson, Eugene Phillips, Ed Karing, and David Resnick.

★ ★ ★ ★ ★

CHEERLEADERS

A great asset to our school spirit is the cheerleading squad. Many new cheers were introduced this year, among them the railroad cheer, in which the cheerleaders and the band work hand in hand.

Capable coaches of the squad are Miss Dorothy Bidaman and Mr. Robert Holt.

The members of the squad are: Dorothy Smith, Susan Tomko, Donna Rosacker, Harriet Ruben, Bill Readshaw, Tony Beck, Ann Jacobs, Wally Francis, Bob Lloyd, Mary Sabol, Shirley Zavada, Doris Zrinscak, Dolores Donak.

COACH

Paul Hoskins

For the past three years, Mr. Hoskins has been our director of physical education, and until this year, an assistant football coach. He coaches the tumbling, wrestling, and boxing teams, teaching the boys the fine arts of self-defense. In addition, he is serving his first year as golf coach. Before coming here, he held a very enviable record at Centerville High School, where has was head coach of all their athletics.

★ ★ ★ ★ ★

WRESTLING

Now that we are at war, it is vital that our boys know means of self-defense. Wrestling requires split-second thinking and acting, as well as an almost perfect physique.

This group of boys, under the direction of physical ed coach, Paul Hoskins, meets every Monday and Thursday, in activities period.

The squad members are: Jack Hoyt, Bill Webb, Bob Richardson, Ralph Larsen, Leo Ryan, Henry Boca, John Yendrick, Donald Berger, Ernest Lakatos, Bob Mott, Ray Turner, John Giglio, Bob Kilbert, Tom Lafferty, John Svirbly, Norman Williams, Bob DeNoble, Vincent Lang, Rudolph Krafft, Joseph Fetti, Walter Grimm, Jack Simmers, Norbert Smolen, Frank Zagger, Harold Ray, Bill Fury, Jack Jones, Jim Lostetter, Art Whitworth, Nick Lysohir, Philip Kulusich, and Jim Vodnicar.

TUMBLING

If you were to go to the gym any activities period, you would probably see the tumbling team going through their early-morning workout. The routine of this group consists of parallel bar work, mat drills, and muscle-building exercises.

Under the capable guidance of physical director, Paul Hoskins, this year's team has turned out a group of boys that can well measure up to the "keep fit" policy that our government is urging.

The members of the squad are as follows: Nick Bayer, Bill Webb, Fred De Noble, Harold Ray, Bill Fury, Ronald Gill, Paul Brandenstein, Jack Hoyt, Joe Roccoplumbo, Bill Jones, Bob Denault, Bob Nelson, Ralph Larsen, Mervin Shaffer, Robert Kilbert, Henry Bois, Dale Homer, Nick Lysohir, Bob Mott, Arthur Giglio, N. WRESTLERS

1943-1944 BASKETBALL SEASON

Written by

Ted McGrath, Guest Reporter

With only a few players out for the squad, Coach Moore produced a group of stars whom he started off against Beaver Falls, but who returned on the short end of a 41-30 score for their scheduled opener. The Tigers were back on the hardwood with fire in their eyes for a 36-17 victory over Erie East. The Tigers repeated for another win by conquering the Kittanning quintet 39-19. Then they journey to New Castle only to meet a 34-33 reversal. This one point loss was as good as a mile, however. The Mooremen became red-hot in the next game with the Grove City five and won 38-14, took the next one from Brookfield 36-25 as revenge for their gridiron defeat, then picked up a 44-24 victory over Sharpsville.

The Tigers traveled to Mercer after these three wins and expected a defeat as they had suffered in the previous out-of-town games, but returned with a 52-21 victory. The Mooremen then dropped a 44-19 defeat on Greenville's Trojans, drubbed the Youngstown South five 45-27, then concentrated their scoring powers on our favorite rivals—Farrell—and left them on the short end of a 37-20 score.

Next, the Bengals romped over the Hickory Hornets: 42-13, then followed this up by a 41-10 victory over Strong Vincent's Colonels.

Playing the next two games away, the Tigers returned with a 39-27 victory over Grove City and a 42-27 victory over the Greenville Trojans. The latter played a good game. In a return game with Hickory, the Hornets lost 43-23 to the Mooremen. The Tigers then traveled to Farrell's gym to meet Sharpsville's Blue Devils and overscored them 37-28. They traveled next to Youngstown South High Field House to ring up a 35-21 victory over Woodrow Wilson.

Acting as guests to Farrell, the Tigers turned the tables on the Steelers and grappled with the scores, coming up with 34, compared to the Lewismen's 23. The Tigers returned to their own hardwood for a tilt with the Mercer County-Seaters whom they massacred, 68-18. Twenty-five of our points were made by "Ace" Flickinger. This game was the last in the County League, and left Sharon the County Champs with no county defeats and 16 consecutive wins.

After winning the County League, the Mooremen took a "breather" during which they triumphed over Ellwood City, 37-31, and over a tricky New Brighton team by a 44-28 victory. The Tigers then went into the State Finals to repeat a triumph over Erie East, 48-34, and followed this up by a 48-27 walkaway from Warren. Still carried on "Wings of Victory", the Mooremen charged over Pittsburgh Westinghouse, 49-31. The next tussle came with the Bradford Owls and left Sharon on the top end of a 40-23 score.

Having played the last four games in Farrell, the Tigers made their greatest mistake of the season by traveling to Pitt Stadium to tussle with the Duquesne Dukes. Crippled not only by the loss of experienced "Chick" Whitehead, but also by an eye injury to Andy Butchko, which prevented him from playing at his best, the Tigers went down in a 37-25 defeat. Sharon's loss was Duquesne's gain, however, since Duquesne won their next game over Hazelton to cop the Pennsylvania State High School Basketball Championship.

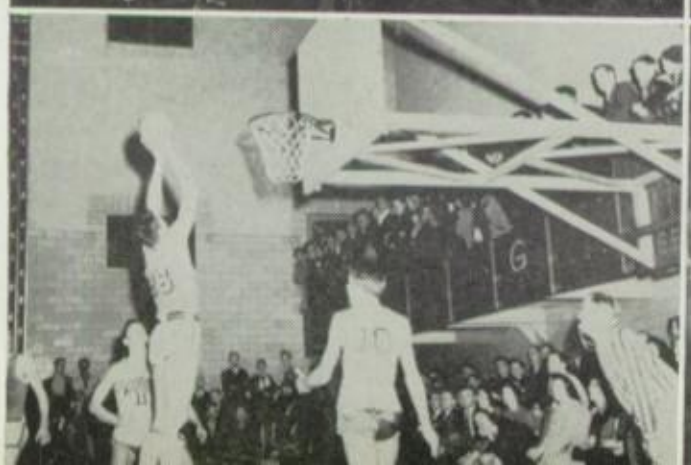
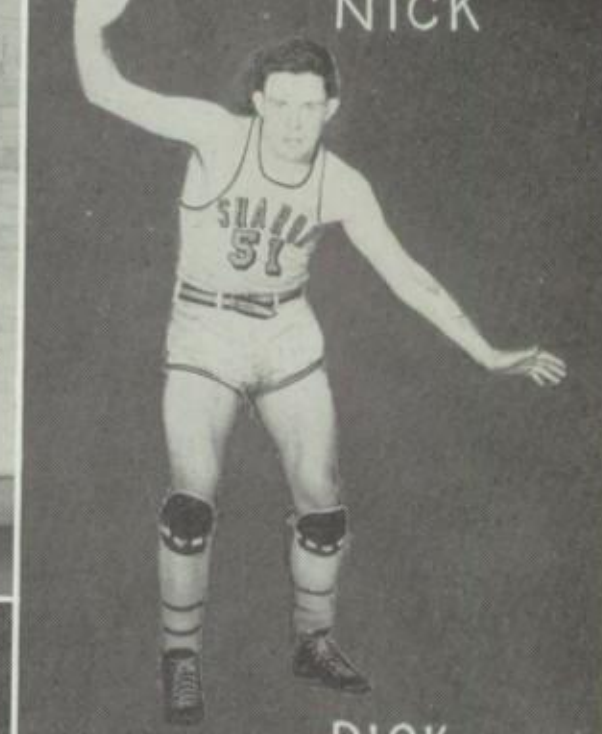
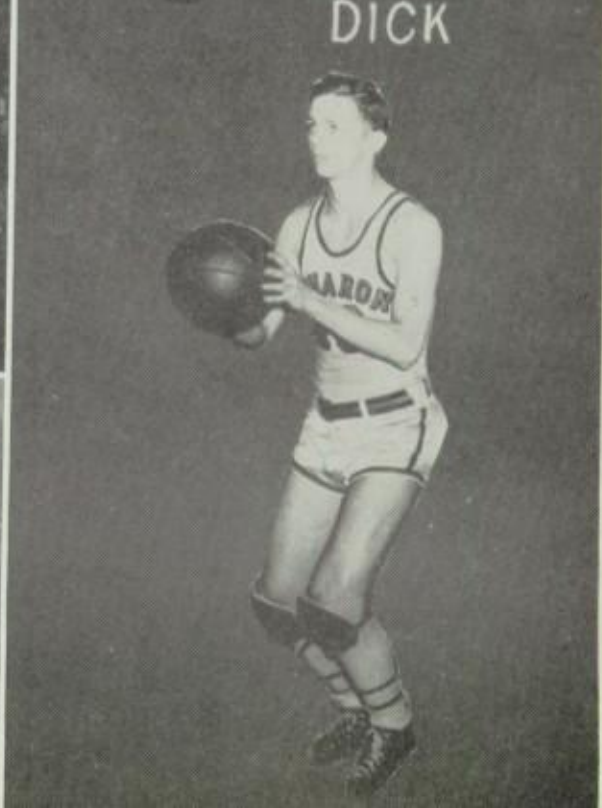
ANDY

NICK





DICK



Tigers! Kings of the Hardwood!

Dick "Chick" Whitehead—Squad captain, and senior guard—proved himself a star on the gridiron, but even excelled this on the hardwood. Dick was the guiding star of the Tigers.

Howard "Ace" Flickinger—Senior forward—was highman on the squad, but didn't let the points interfere with his playing. "Ace" scored 25 points in one game.

Nick Spondike—Senior guard—very quiet and able—an expert defense man on any team. Nick's scoring ability also rates highly.

Paul Nemetz—Junior forward—counted on highly as the backbone for next year's squad because of his expert dribbling and scoring.

Andy Butchko—Sophomore center—15 years old, Andy is an expert on rebounds because of his height and will be an important factor in next year's success.

Joe "Iggie" Ehnot—Senior guard—Joe replaced "Chick" Whitehead, who left for the Army. Joe's long arms came in very handy for rebounds and points. "Eggie" proved himself the practical substitute for Whitehead.

Donald Moore

It is to Mr. Moore that we owe the great success of our basketball team this season. This is the first year he has been head pilot of our team, having taken over Pete Collodi's position in the middle of the 1942-43 season.

Mr. Moore (Dudley) played for Schenley High School and also on the Duquesne University team, which won the Western Pennsylvania championship for three years. He had successfully coached Mt. Oliver High in Pittsburgh and Trinity High in Washington, Penna., beside the professional Pittsburgh Pirates, before coming here. In addition to his coaching, Mr. Moore teaches algebra, Westinghouse Mathematics, and industrial mathematics.

William Williams

Mr. Williams is the man responsible for the fine Junior Varsity team this year. Under his guidance the Junior Varsity completed a successful season of eleven victories and four defeats.

"Big Bill" came to us from West Middlesex High where he had coached for six years. While there, West Middlesex was the Mercer County class B champions for three years and also won the post season tournament one year. Besides coaching, Mr. Williams teaches civics.

INDUSTRIAL ARTS DEPARTMENT

F. N. Newton, Jr.....Supervisor
Robert F. Holt.....Mechanical Drawing
Howard Pile.....General Metal Shop
Irvin Gubser,.....Advanced Wood Shop
Andrew Franko.....7th Grade Wood Shop

Industrial Arts is a significant phase of general education. We live in a great industrial civilization. Occupational shifts are wide and rapid. Such facts must cause our program of education to differ widely from that of a generation ago. While our industrial structure concerns all our people, its implications place a heavy responsibility on the public schools to provide for youth the opportunity to understand, appreciate, and make adjustments to the rapid changes which a machine age forces on modern social life.

It has long been recognized that education is not an affair of "telling" and "being told", but an active and constructive process where the student learns most economically when he is confronted with actual problems rather than with hypothetical situations. The Industrial Arts program by its very nature is unique in the contribution it can make to the adolescents' needs, not only educationally but socially, physically, and psychologically as well.

The tendency to find satisfaction in handling materials and tools; the tendency to be curious; the desire to know how, why, what for, and all about a given operation; the tendency to find satisfaction in form and color, the desire to express ideas in drawing; the thrill of making things useful and watching them grow step by step; the satisfaction in sharing the interests and activities of the others, and in having others share one's own activities—all of these find expression through Industrial Arts. The significant thing is that the exercise of such impulses provides a universal approach to learning — namely, purposeful activity.

THE GENERAL METAL SHOP is taught by Mr. Pile and consists of five units of metal work, namely: Machine Shop, Sheet Metal, Ornamental Iron, Art Metal, and Foundry.

The projects made by students in this shop inherently require accuracy and skill. It has been said that knowledge of any kind which fails to eventuate in skill is at best half-grown, and because half-grown, an actual danger more likely to disqualify than to qualify the possessor of it as a worthy member of society. The highest end of craft instruction is to develop a sense of appreciation of good craftsmanship.

THE ADVANCED WOOD SHOP is taught by Mr. Gubser. In this shop the student takes up where he left off after his fundamental training in the 7th grade wood shop, taught by Mr. Andrew Franko. He learns more of the fundamentals and gets training and practice in furniture making, cabinet making, pattern making, and wood finishing. A study of the structure and use of the most important domestic and foreign woods is also included in the various woodworking courses.

As a medium of expression, wood stands supreme. It meets all the requirements. It is artistic, useful, definite, and is easily worked. It is by far the most widely used material in Industrial Arts work throughout the country today. There is certainly no other material more representative either of early American industry or early American art than wood.

IN THE MECHANICAL DRAWING department, Mr. Holt teaches the high school elementary course and Mr. Newton the advanced classes. Mr. Franko also teaches drawing to the 7th grade boys.

The Mechanical Drawing course in our high school has a two fold purpose: To prepare students for advanced technical training; and to give him enough related technical information so he may enter and identify himself with the industrial life of the community, as a producer, or as a consumer.

SENIOR PLAY

"Pure As the Driven Snow" or "The Working Girl's Secret", written by Samuel French, was the play chosen by the Senior class. It was presented March 16 in the High School Auditorium.

The play centered around our spotless heroine, tender, sweet, honest—that poverty-stricken orphan, lost in the storm—Purity Dean. The part was played with artistry and unbelieveable skill by that nationally known soubrette—Patricia Hadley. During these three acts of tense drama, enduring romance, pathetic pathos, and thrilling escapes bring a tear to the eye and a flutter to the heart as one viewed the realistic enactment of the blackest villain who ever set foot—J. Mortimer Frothingham, a fiend in human form, outstandingly represented by Martin Stein. But the villain didn't have the chance to marry Purity, as our hero, Leander Longfellow, Aubrey Helfman, rescues her.

Mr. Jonathan Logan, John Salcau, is the long-suffering, hen-pecked husband of Mrs. Jonathan Logan, Kate Considine. Mrs. Ethelinda Hewlitt, a snobbish guest at the Uland Inn, played by Joyce Edmonds, had a daughter, Allison Hewlitt, Mildred Cole, who fell in love with Ezra Z. Pickens, the boss' son, played by Jack Willson. Imogene Pickens, a snob who wanted Leander, and who tried to make Purity leave the Inn, was played by Helen Sloss.

The climax came when Mrs. Faith Hogue—Petrina Mitchell, and her maid, Margaret Brown, came to the hotel, and revealed that Purity is in truth Mrs. Hogue's sister. Nellie, a beautiful cloak model, was portrayed by Shirley Richards.

The play was directed by Miss Elizabeth McMullen.

The student staff consisted of Lillian Casbard, Peggy McClern, Vivian Jones, Irene Sember, Marilyn Patterson, Shirley Shimp, Ruth Zucker, Frances Monoc, Jean Morisuye, Sally Coher, Irene Schultz, Frances Pysh, Betty Millsop, Rosemarie Planchak, Anne Nickum, Helen Best, Janet Nichols, Betty Ann Wiesen, Shirley Lackowitz, Robert Stoops, Dean Shaffer, and Melvin Morganstern.

THE END

Class Poem

— WE —

Margaret E. Kissinger

They speak of the new world we'll make
— Our Generation —
We shall instill peace in hearts of other men,
We shall perfect a world that's whole and good.

We must be bright-faced, purposeful,
Courageous, idealistic, and charitable,
Self-disciplined and strong.
We shall fight against great odds.
They tell us we will meet with opposition.

From you, who taught us to seek the truth;
From you, embryos of plans are in our minds.
From you, the impetus to make the world.

If we are only strong enough—
The coming years will tell.

There is no ceiling for Quality!

All quality is not sound. It can be good quality, indifferent quality or downright poor quality. Its lowest level is determined by the adroitness of the salesman to plan off something as "just as good as the best". Today few people are taken in so easily. But unfortunately, there are many who practice the false economy of "the lower the price the better the value". The thing to consider is the soundness of the article and then judge whether the price is in proportion to the merit of the merchandise. When you want Quality at fair prices, just remember that Willson's have been serving the home-makers of this vicinity for many years with furniture that has, and will continue to stand the test of time.
